The Bad-Rock Of Success
 lies in a keen, clear brain, backed by indomitable will and restless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Lilemore, W. Va., writes: "They are the best pills I ever used." 25c at Burnaugh & Mayfield's.

Earliest Bible Pictures.
 The earliest Bible pictures were painted on the church walls instead of being bound between the book covers.
Printed Books.
 The first printed books were printed on one side only, the leaves being pasted back to back.
The Margery.
 The first steam vessel appeared on the Thames in 1815 and was called the Margery.

C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." For sale by Burnaugh & Mayfield.

Too Tired.
 "Look here, my man," said an artist to a recumbent tramp, "if you stand up and let me sketch you I'll give you a shilling."
 "No, thank'ee, guv'nor, but gimme stupe and you can sketch me laying down!"—London Mail.

Lucky Thirteen.
 The number 13, so universally decreed as unlucky, is considered a lucky number by the pupils of the French military school of Saint-Cyr. At the final examination the man who ranks as the thirteenth is believed to have a brilliant career before him. Marshal MacMahon, who entered Saint-Cyr in 1825, as well as Bourbaki, who attended the school nine years later, were graduated thirteenth in their classes. General Laveaucoupet, who distinguished himself in the defense of Metz during the Franco-German war, also ranked thirteenth.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. For sale by Burnaugh & Mayfield.

Unfair.
 Etta—Edith is as mad as she can be with Mr. Colter. He has placed her in a terribly compromising situation. Bertha—For mercy's sake, you don't mean it! Etta—I am sorry to say I do. They happened to come to town together the other evening, and he didn't speak a word to her the whole way. Of course everybody must have supposed them married. It places Edith in a most awkward situation, and she is getting along, you know, to an age when she cannot afford to lose any chances that happen to be going.—Boston Transcript.

We'll Know Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years and always with satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins, of Glasgow, Ky. This remedy is for sale by Burnaugh & Mayfield.

Older Than His Father.
 A curious tombstone has been discovered at the Infracombe churchyard by a correspondent. The inscription reads as follows: "In memory of William Griffiths, died October 25, 1835, aged 127 years. Also William, father of the above, who died October 2, 1845, aged 72 years." According to the dates given, the son was sixty-five years older than the father.—London Standard.

BOTH BOYS SAVED.
 Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. For sale by Burnaugh & Mayfield.

Old Time Butterscotch.
 Put three pounds of light brown sugar in an enameled kettle with three-fourths of a pound of butter. Place over a moderate fire to melt; let it boil until thick, stirring all the while to prevent scorching. Take the kettle from the fire and pour the boiling hot liquid into buttered tins or upon a large flat meat platter. When stiff enough mark off into big squares, and when cold break these apart and wrap each square in wax paper. Butterscotch carefully made will keep for months. It improves with age.

Money Comes in Bunches
 to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at Burnaugh & Mayfield's.

When Booth Laughed.
 William Metayer, the comedian, once said: "I never saw Edwin Booth laugh heartily but once. We were playing 'Julius Caesar' at Baldwin's, in Frisco. Booth was Brutus, McCullough was Cassius, Harry Edwards was Caesar, and Charley Bishop and I were plain, everyday citizens. It was the last night of the run, and we all felt frisky. So when Caesar spoke the well known line, 'Let me have men about me that are fat,' Bishop and I, both fat men, walked boldly up to Caesar and shook him heartily by the hand. Booth laughed outright."

Frightful Fate Averted.
 "I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Kelliber, Minn. "without Bucklin's Arnica Salve, which soon cured me." Infallible for wounds, cuts and bruises, it soon cures Burns, Scalds, Old Sores, Bolls, Skin Eruptions, World's best for Piles. 25c. at Burnaugh & Mayfield's.

Cape Spartel Lighthouse.
 On the coast of Morocco mariners used to experience great difficulty in avoiding disaster on account of the absence of warning night signals on the shore. Lighthouses were sadly needed, and as the government of Morocco would not provide them the great powers took the matter in hand for the welfare of their shipping interests. A lighthouse was established at Cape Spartel, and the powers are assessed so much annually for maintenance. The share of the United States in this expense is \$325.—Boston Globe.

It's A Top Notch Doer.
 Great deeds compel regard. The means its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung remedies. Every atom is a health force. It kills germs and colds and the grippe vanishes. It heals cough-racked membranes and coughing stops. Sore inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. George Gore, Black Jack, N. C., writes "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by Burnaugh & Mayfield.

What Fog Is.
 Small particles of water have a tendency to fall slowly in still air, while a very light upward current will be enough to keep them from descending at all in the case of very small particles. It has been shown that the globules of water forming a fog or cloud are each composed of a film of water condensed upon a particle of dust, and the cores are solid instead of gaseous, as the old theory indicated.

Where He Was Afraid.
 Little Tommy and his mother, returning home in the dark, passed a large tree recently blown over. As they went by he grasped her hand with all his strength and backed around against her skirt, facing the tree. "Why, Tommy," she said, "are you afraid?" "Well," gasped Tommy, "my front jacket ain't, but my back jacket is."—Dellmeator.

For Chapped Skin.
 Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is always unequalled for sore nipples, burns and scalds. For sale by Burnaugh & Mayfield.

Eating With the Knife.
 Use of the fork is comparatively modern. The original fork was two pronged, and its adoption was held to betoken an unusual degree of elegance and refinement. "The taste for cleanliness has preserved the use of steel forks with two prongs," writes Lady Newdigate. (She spoke to the closing years of the eighteenth century.) "With regard to little bits of meat, which cannot so well be taken hold of with the two pronged forks, recourse is had to the knife, which is broad and round at the extremity." Peas at that time were eaten with a knife.

The Best Plaster.
 A piece of flannel dampened with Chamberlain's Liniment and bound on the afflicted part is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by Burnaugh & Mayfield.

"HAVE WE A NAVY?"
 Ambrose Bierce says we think we have and gives our bump of patriotism an awful whack.
 To console us, E. Alexander Powell takes us to "The Land of Lovely Ladies," and shows us the most beautiful women in the world. It's a mighty interesting article.
 You'll find every page of the **OCTOBER EVERYBODY'S** well worth reading. Look it over.

Island of Manhattan.
 In other days there were the Island of Manhattan and Manhattan Island. They were different bodies. Island of Manhattan was applied to the land occupied by the old city of New York, now the borough of Manhattan. Manhattan Island was a little knoll of land in the limits of what is now Third, Houston and Lewis streets and East river. At high tide the knoll was an island.

A Magnetic Island.
 The Island of Bornholm, in the Baltic sea, may be regarded as a huge magnet. Although the power of attraction is not so great as to draw nails and bolts out of approaching ships, the magnetism works a good deal of damage in that it deflects the needle of the compass so that it cannot be depended upon. The effect is perceptible at a distance of nine and a half miles.

How to Cure a Cold.
 Be as careful as you can, you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. For sale by Burnaugh & Mayfield.

He Had Found His Specialty.
 A London contemporary tells the following anecdote: A member of the bar not richly endowed with intellect after years of briefness married a rich widow. She died. Again he sought a bride with a large dowry and again became a widower. Then he thought he would return to his long neglected profession. He approached an old friend who had meanwhile become a judge of the supreme court and asked what, in his opinion, would be the wisest course for him to pursue. "Stick to the probate and matrimonial," said the judge.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorder of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again.
